SUUNTO DM4 WITH MOVESCOUNT SOFTWARE

Plan and track your dives with Suunto DM4
for PC, and from fall 2011, also for Mac.

PLAN & TRACK

- _ With the graphical planner, plan dive profiles, gases, and back-up plans.
- _ After the dive, download your dive information back to the computer. Your activity will be recorded in the logbook, where you can organize and view your dives.
- _ Suunto DM4 is integrated with the online sports community Movescount.com
- _ You can import all your existing dive logs from the old Dive Manager to the new Suunto DM4.

YOU CAN DOWNLOAD THE NEW
SUUNTO DM4 FROM
